

Wedding Invitation

10-Second Video Generation Prompt

Prompt: A detailed 10-second animated romantic Indian wedding invitation scene. The scene is set inside a regal, pastel-pink Rajasthani Jharokha archway with intricate traditional carvings, overlooking a serene blue lake with lotus pads and calm water reflections. In the foreground, green leafy bushes frame a stone balcony rail where a colorful peacock rests.

Second 0-3: A magical swarm of glowing golden and pastel-pink tiny butterflies sweeps into the sky through the palace archway, fluidly swirling to form the readable floating text "31 December 2026" in the upper center of the frame.

Second 3-7: Simultaneously, an illustrated Indian bride in an ornate white lehenga with rich gold borders walks smoothly into frame from the left, while an illustrated Indian groom in a sharp black sherwani walks in from the right. They converge at the center of the balcony, turn to face each other, and gently hold hands in slow motion.

Second 7-10: As the couple meets at the center, the butterflies forming "31 December 2026" softly sparkle and burst gently outward into a delicate cloud of light particles. The camera slowly zooms in slightly on the couple holding hands under soft, romantic golden daytime light. Pastel color palette, high frame rate, elegant vector graphics, textless video.

10-Second Timeline Breakdown

0:00 – 0:03 | The Reveal & FX: The camera opens on the serene lake view framed by the palace archway. Swarming butterflies enter gracefully and form the date "31 December 2026" hovering in the sky.

0:03 – 0:07 | Character Entrance: The bride (entering from left) and groom (entering from right) walk in slow motion toward the balcony center and meet, holding hands.

0:07 – 0:10 | Finale & Sparkle: The date sparkles and disperses softly into glowing fairy dust as the camera smoothly pushes in slightly on the couple's quiet moment.
